Checkin = after 3PM

Checkout = before 11AM

Self check in

**in this case you check in later than our working hours, i'm afraid to say that you can't help but check in on your own. so i'll let you take the steps.
there you go.**

**first, touch the door lock screen (5 seconds) like picture after then hit '2, 4, 2, 4, 1, 2 ,3 and * (star button)'. then it will automatically open.
and you will find in the box on the front desk, 'the key to your room' and 'a slip' on which WIFI password is written.**

so that's it. if you get into trouble with opening the door, click on the red button on the door.

thanks for your cooperation. and let's go through check in process once again the day after

touch the door lock screen (5 seconds, using palm, like picture)

You can see screen on and available to put the passwords

Put the passwords 2424123 * after that you can open it

When you get your room's key
Also you just touch the card key at the door lock (**like picture**)

When you check in after 11:00pm
Card key will be **next to the screen** with your name tag

When you want to open the door please touch the card key like picutre

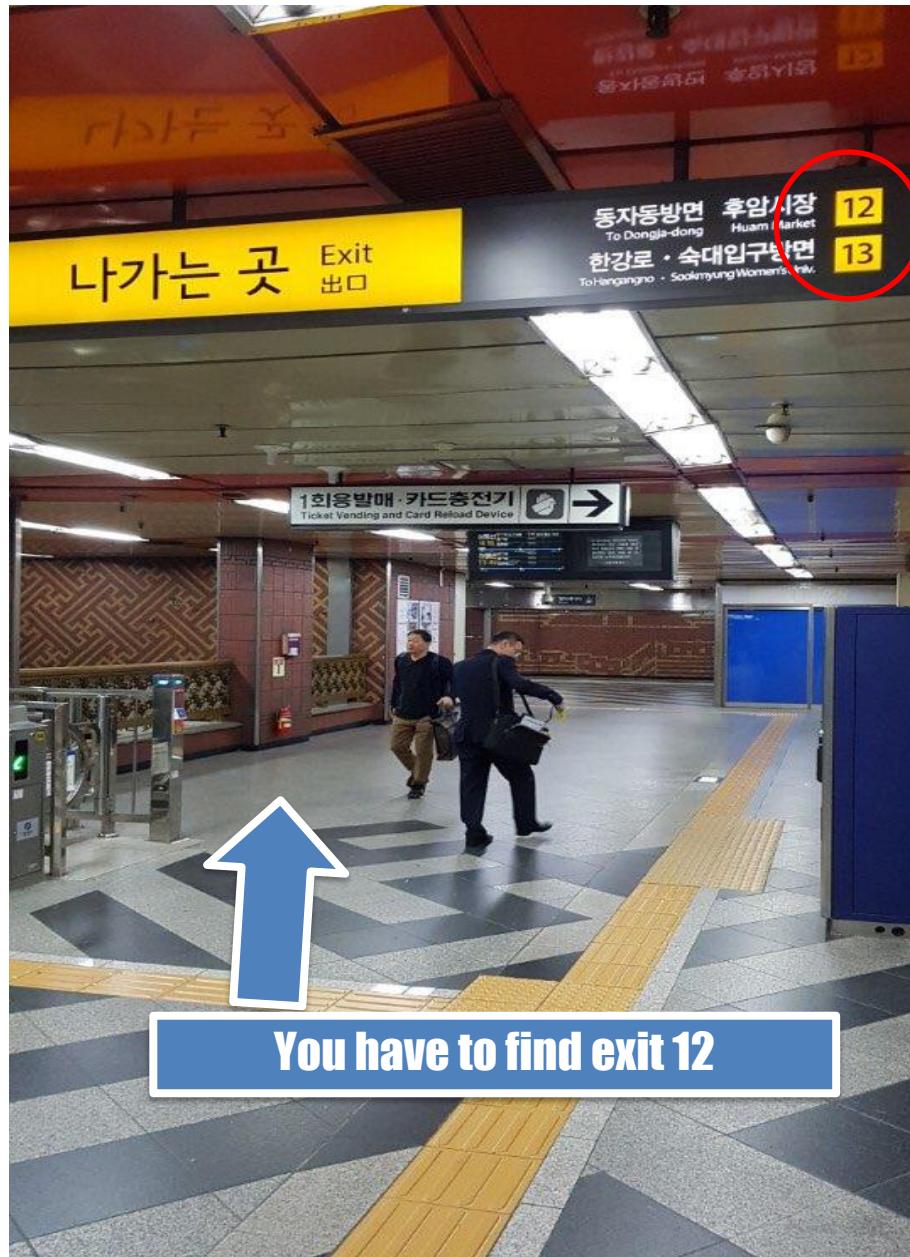

Detail street map

**the best way is to take the Arex or airport train)
and then get off at the last stop(Seoul Station)**

From Exit 12(Elevator) : go straight then you can see a Starbucks after pass that building turn left then you can see uphill. go straight follow the uphill around 3~4minutes. there is a yellow building and that is a 24guesthouse seoul station !
